TK736 - APC APS-33120NU Power Conditioner

Model: APS-33120NU Power Conditioner

SKU:

Year:

Description:

APC APS-33120NU Power Conditioner

Brand: APC
Model: APS-33120NU
Capacity: 120 kVA
Input: 3 phase, 480 VAC ±18% @ 60Hz
Output: 3 phase, 230/400 VAC ±2% @ 60Hz

AC Power Corps power conditioners improve the quality of power delivered to an electrical device by providing clean and constant AC power output - ensuring voltage is at the correct level, with the optimum characteristics to enable proper equipment operation. Power conditioners also protect equipment against power surges with high overload capacity (200%~500%).

Please refer to brochure for detailed specifications.
