

TK754 - Universal GSM Genesis GI-14D Placement Machine (2007)

Model: GSM Genesis GI-14D Placement Machine

SKU:

Year: 2007

Description:

Universal Genesis Platform GI-14D (2007)

Name: Universal

Model: GSM Genesis GI-14D

Year: 2007

Product code: 4990C

Equipment #: 10086158

Product tree #: 49402505

Voltage: 200-240 Hertz: 50/60

Machine dimensions:

Length: 1676mm

Depth: 2248mm

Height: 1905mm

Weight: 3568 kg

Machine Specifications:

Placement 1 CTR: 73104336

Placement 2 CTR: 86931861

Software Type: Microsoft Windows 2000 5.00.2195 Service pack 4

Software Type Machine: UPS+Control Panel (SM UPS+Version 6.8.0.4

Range of components: 0402 inch to 55mm square

Manuals Voyager: on machine CPU

Fiducial camera type: Firewire 1394 PEC .66 mil per pixel

Component camera type Head 1: Magellan 2.3 mil per pixel

component camera type Head 2: Strobed RS170 (FlexJet) 1.1 mil per pixel

Head Type 1: FlexJet3

Head Type 2: FlexJet3

Beams/Gantries: 2

Spindle on Head: 7 Spindles

PCB Flow: Left to Right

Placement Rate: Max CPH 33,800

PCB Dimensions: 508mm x 508mm

Rail Width Control Type: Automatic

Tray Unit/Tray Tower (MTC,PTF, WPC): Optional

Nozzle changer available?: Yes

PVS Bar Coding: Yes

Component feeder capacity: 132/8mm

Quick Product Change-over: Yes

Reject Belt: Optional

Pressure: 90 Psi

Frequency: 47-63 HZ

Full Load Current: 35 Amp
