Overview

TEKMART WORKS WITH EMS AND OEM OPERATIONS, IMPLEMENTING PRODUCTION SOLUTIONS AND SURPLUS ASSET RECOVERY OPTIONS

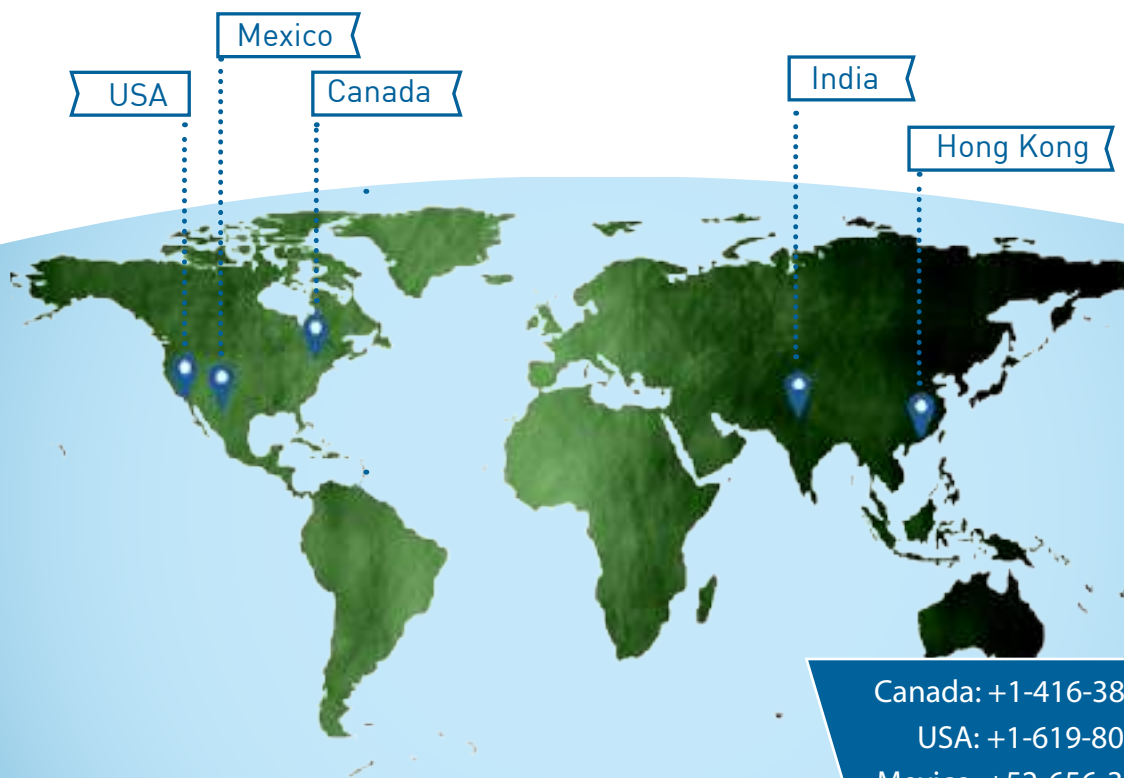

As manufacturers with our own 650,000 sq. ft. injection molding plant, we understand the challenges a continually changing manufacturing environment brings.

Whether investing in emerging markets or helping companies out-perform through technology transfer, it's our multi-disciplinary expertise and agile execution that sets Tekmart apart.

Perhaps that's why 7 out of the global top 10 EMS and OEM operations do business with us.

Since pioneering the concept of full plant inventory acquisition in 1999, we have successfully completed over 70 full plant acquisitions worldwide. And become the industry's premier global marketplace for pre-owned electronics manufacturing equipment.

Industrial Investment

INVESTING IN ENTREPRENEURS AND INNOVATION ON FIVE CONTINENTS

- Tekmart invests in companies that make products we believe have the potential to outperform in their respective markets.
- Many of these investments are in emerging markets where our unique blend of know-how, logistics and international experience can rapidly transform an operation, significantly improving a company's chances of success.
- Configuring the most efficient production line, maintaining quality assurance, or implementing better supply chain management are some of the ways we may improve a company's outlook.
- Companies we've successfully invested in, range from a manufacturer of motorbike components in India, to Brazilian and Chinese consumer electronics factories.

Asset Management

SECURING A BETTER RETURN FROM OPERATIONAL AND NON-OPERATIONAL ASSETS

- In a continually changing manufacturing environment both short and long term asset recovery options are vital for protecting cash-flow and fine-tuning manufacturing performance.
- Conversely in a delivery driven industry, the speed and flexibility with which new equipment can be brought online mirrors the extent to which opportunities can be fully grasped.
- Tekmart offers worldwide capital asset sourcing and recovery solutions, in alignment with local market dynamics and regulatory requirements.
- Whether sourcing a single piece of equipment, or managing multiple production facilities, we integrate high-level industry intelligence with a proven ability to execute.

OR THE SCIENCE OF BUILDING QUALITY INTO THE HEART OF A PRODUCT

- Tekmart Integrated Manufacturing Services (TIMS) is ISO and TS certified, class A manufacturer, with 2 locations (Tijuana, MX and Juarez MX) dedicated to building high quality products and by extension blue-chip brands.
- TIMS Tijuana, with 370,000 sq. ft. of injection molding floor space, located just South of San Diego, CA and TIMS Juarez, with 650,000 sq. ft. stand-alone facility located in Mexico, just south of El Paso, TX - are ideally located to service both established and emerging markets.
- TIMS has evolved into a versatile contract molder servicing the automotive, healthcare, consumer electronics and white goods verticals.
- With expertise in logistics and warehousing, TIMS is successfully managing a billion dollar supply chain that spans Asia, Europe, North America and South America.

You can find out more about TIMS [here](#).

Marketplace

FIND WHAT YOU NEED IN THE PREMIER GLOBAL MARKETPLACE FOR PRE-OWNED ELECTRONICS MANUFACTURING EQUIPMENT.
