

TK1009 - Universal GC-60D 4990A Placement Machine (2004)

Model: GC-60D 4990A Placement Machine

SKU:

Year: 2004

Description:

Universal GC-60D 4990A Placement Machine (2004)

Brand: Universal Instruments Corporation

Model: Genesis GC-60D

Product Code: 4990A

Year: 2004

Serial: 10074042

Product Tree: 49714301

UPS+ System Version 6.8.0.4

Machine Specifications:

Placement 1: CTR 87760831

Placement 2: CTR 92622450

PEC Camera: Beam 1 Frame RS170 1.0 mil per pixel, Beam 2 Firewire 1394A 0.66 mil mil per pixel

Component Camera Type: Head 1 Firewire 1394A 0.88 mil per pixel, Firewire 1394A 2.9 mil per pixel

Component Camera Type: Head 2 Firewire 1394A 0.88 mil per pixel, Firewire 1394A 2.9 mil per pixel

Beam Qty: 2

Head Type: Lightning Head

Spindle on Head: 30 each Head

PCB Flow: Left to Right

Placement Rate: 60,000 MAX CPH

PCB Dimensions: Length 50.8mm to 508mm Width 90mm to 508mm

"X, Y Motor Type": Linear Motor VRM

Conveyor Type: Single conveyor

Rail Width Control Type: Automatic

Component feeder capacity: 68 useable feeder slots

Feeder Banks Removable: 4

Voltage 200-240VAC nominal

Pressure: 90 Psi

Frequency: 50-60Hz

Full Load Current: 35 amps
