

TK201 - Leader LS8106A Oscilloscope

Model: LS8106A Oscilloscope

SKU:

Year:

Description:

Leader LS8016A Oscilloscope

Brand: Leader

Model: LS8106A

Type: Oscilloscope

Serial: 4817795

Model Specifications:

One-Touch Auto Setup Sets V Sensitivity and Time Base

Continuous On-Screen Readout of Frequency and V p-p or DC level for CH1

On-Screen Readout of H&V Scale Factors, Coupling, Uncal; INVERT, ADD, MAG, X-Y and Delay Time

Cursor Measurements of DV, DT, DV%, DT%, 1/DT (Frequency) and \emptyset

100-MHz Bandwidth

Calibrated Delayed Sweep

Alternate Sweep-Shows Main and Delayed Waveforms Simultaneously

3-Channel, 8-Trace Operation

CH1, CH2, CH3, CH1 \pm CH2 Main and Delayed

400 V (dc + ac peak)

Input Withstand (CH1 and CH2)

Fixed Trigger Mode Ensures Stable Triggering Despite Wide Amplitude Swings

Dedicated TV-V and TV-H Sync Separators for Rock Solid Video Waveforms

Variable Holdoff for Correct Display of Complex Wavetrains

Single Sweep Operation

X-Y Operation

2% V Accuracy

1 mV/div Sensitivity with 20-MHz Band Limit

5 ns/div Sweep Speed with X10 Mag

Signal Display (All Channels) Ensures View of Trigger Edges

CH1 Output Makes CH1 Amplifier Available as a High Gain Calibrated Preamp

Z-Axis (Intensity Modulation)
