

TK230 - Quadtech SENTRY 10 AC Hipot Tester

Model: SENTRY 10 AC Hipot Tester

SKU:

Year:

Description:

Quadtech SENTRY 10 AC Hipot Tester

Brand: Quadtech

Model: SENTRY 10 AC

Type: Hipot Tester

Serial: 2443438

Model Specifications:

-The Sentry 10 Plus AC Hipot Tester (CE Mark) performs AC dielectric withstand (hipot) tests. The test voltage is programmable from 50V to 5kV AC with a resolution of 1V. The current range is 1 μ A to 20mA.

-Program & Display Ground Continuity: The Sentry Plus Series can measure and display the resistance between the ground blade of the power cord and any exposed metal on the product.

-Meets UL Hipot Tester Requirements: The Sentry Plus instruments measure & display the output voltage directly at the output terminals. The instruments have both visual and audible failure indications, and after a failure the STOP switch must be pressed prior to another measurement.
